

The next generation of JuiceNet products, Verdek offers the Enel X JuicePedestal™

JuicePedestal offers best in class smart charging for businesses and convenient, open network EV charging for drivers. UL Certified with universal EV compatibility, JuicePedestal is an all-purpose commercial charger for employees, customers, tenants or fleets. Affordably priced, JuicePedestal offers flexible charging port configurations and multiple payment options.

- Offer free or paid charging with multiple user authentication methods and open network payment options
- Add a charging port or credit card payment terminal to suit your current and evolving needs
- Connect to the internet via cellular, Ethernet and WiFi for smart charging capabilities
- Optimize energy costs by controlling charging times and avoiding demand charges with the JuiceNet smart charging platform
- Keep charging stations organized and easily accessible with optional retractable cable management system

Flexible Payment

Allow drivers to access and pay via mobile device or optional credit card terminal

Power Options

Choose between a 32 amp, 40 amp, 48 amp and 80 amp output to charge electric vehicles quickly and easily

Cable Management

Turn-key solution with built-in cable management for plug and play deployment.
