Drive Clean Energy Las Vegas – State of EV Transportation & Infrastructure Panel Discussion

Get the latest news and updates regarding multiple projects and initiatives that are increasing the number of plug-in electric cars being adopted and driven throughout the greater Las Vegas area. The growth of alternative-fuel vehicles is creating a new and vibrant clean energy-based economy in one of the most popular tourist destinations in the world.

Our panel of experts includes people from key areas of our Las Vegas economy and business sectors who are supporting electrified transportation. These speakers have valuable insight into the pros and cons, as well as the benefits and costs for each of their unique programs. Don't miss this timely and informative discussion.

NEVADA ENERGY STAR® PARTNERS

**GREEN
ALLIANCE**

Connect. Discover. Prosper.

For the past 15 years, Nevada ENERGY STAR® Partners-GREEN Alliance has worked to promote sustainable growth and resource preservation throughout Nevada. We are pleased to offer our partners a variety of meetings, mixers and seminars that provide education, awareness and connectivity.

As the GREEN Alliance, we join forces in alignment with a common passion and purpose for the preservation and prosperity of our communities, state and nation. Join us for our monthly breakfast meetings and learn more about the topics that will help all businesses and individuals as we go forward into the next GREEN era!
