**Alternative Fuel Price Report**

**Verdek** is a U.S. distributor of Galileo CNG fueling solutions which are the most technologically advanced CNG fueling systems on the market today. They are scalable, plug and play, portable, and more cost effective enabling any fleet operation to match your fueling infrastructure with your specific fleet profile. If you need a responsive and reliable expert to assist with your CNG fueling infrastructure needs or research, **Verdek** is your best choice.

**Alternative Fuels Event for Fleets  
Coming to Massachusetts - Oct 7th**

"Fleet managers who attend this year's AltWheels Fleet Day will gain valuable information on how they can improve the efficiency of their fleets, reducing costs and emissions at the same time," says Alison Sander, AltWheels' founder and chairman. The day consists of panels, exhibits, and vehicles offering a showcase of alternative transportation solutions - from concept vehicles, to vehicles that are available and affordable today.

### National Average Price Between July 12 and July 26, 2013

Fuel	Price
Biodiesel (B20)	\$3.89/gallon
Biodiesel (B99-B100)	\$4.19/gallon
Electricity	\$0.12/kWh
Ethanol (E85)	\$3.23/gallon
Natural Gas (CNG)	\$2.14/GGE
Propane	\$2.73/gallon
Gasoline	\$3.65/gallon
Diesel	\$3.91/gallon

The Clean Cities Alternative Fuel Price Report provides regional alternative and conventional fuel prices for biodiesel, compressed natural gas, ethanol, hydrogen, propane, gasoline, and diesel. [Read More...](#)

### Gas-Prep Ford Transit Connect Taxi

Ford emphasized availability of a gaseous-prep package for the 2.5-liter engine of the 2014 Transit Connect as it unveiled the vehicle as a "Taxi of the Future." Gaseous-prep means the vehicles can be readily converted, with full Ford sanction and approval, to compressed natural gas or propane autogas operation by Qualified Vehicle Modifiers.
