

## **Verdek Awarded GSA Contract, To Supply EV Stations to Federal Agencies**

Madison, CT – July 23, 2013– PR Newswire

Verdek LLC ([VERDEK](#)), leading suppliers of Electric Vehicle (EV) Charging Stations, CNG Refueling Stations, and LNG Production is pleased to announce that they have been awarded a GSA Schedule 56 contract: ([GS-07F-172BA](#)), under the *'Buildings and Building Materials; Industrial Services and Supplies'* category. Verdek is now certified to supply EV Charging Stations and supplies to Federal Agencies. Acknowledging the growth in Federal spending through the GSA, Verdek has listed their EV Charging Stations and associated supplies on the government's electronic ordering system, [GSA Advantage!](#)<sup>®</sup>.

“This contract opens up significantly more markets throughout the country and affords us an opportunity to provide Federal agency buildings with our state-of-the art EV Charging Stations” states Guy Mannino, Founder & CEO at Verdek LLC. He adds: “this contract will expand our reach beyond the federal government to state, county, and municipal agencies, as we can now offer them a variety of EV Charging Stations at fixed government pricing and help them build up their EV infrastructure.”

VERDEK is the leader in EV charging infrastructure for sustainable transportation; they offer solutions for residential, public and DC fast charging as well as CNG and LNG fueling stations for commercial fleets. Their [EVCHARGRS](#) website offers direct-to-consumer products including Home Chargers and Level 2 & 3 Public Chargers. With a nationwide network of authorized installers, VERDEK & EVCHARGRS' technical team can choose from a vast product range to provide the best solution for an in-home or commercial application.
